CRUEL AND COWARDLY ROBBER'S LABOR VAIN

Bride of Three Months Taunted In Shameful Manner.

BOUND BY BURGLAR

After Being Chloroformed and Robbed and Tied Hand and Foot Thief Left Young Married Lady In Helpless State.

New York, Nov. 26.—Mrs. Nellie Munson, a bride of three months, was chloroformed and bound hand and foot in her home at Harlem early Monday by a burglar. The thief secured a small amount of money and some jewelry and fled, leaving the woman helpless. When Mrs. Munson revived she managed to free an arm, and beating on the wall, succeeded in attracting people in a neighboring flat, who discovered her plight and released her. Joseph Wolostein, who was acting suspiciously in the neighborhood, was arrested. He declared he was innocent and asserted he could prove an alibi.

NAMED TRUEHART.

Engineer Says He Is the Man Who Robbed Another Train.

Kansas City, Nov. 26.—The robber who held up and robbed single-handed twenty passengers in three cars of the fast eastbound train of the Chicago, Burlington and Quincy, and who afterward was captured, turns out to be named Truehart. He says he is from California. The engineer of the train says he is the man who, on Nov. 9, in an exactly similar manner and at the same place, held up and went through the rear sleeper of an eastbound Rock Island and Pacific Overland train.

The train reached Slater at midnight, and when it started out of that place five minutes later Truehart boarded the smoking car. His eyes were covered by a mask. Leveling a revolver at two passengers in a seat nearest the door he ordered them to pass over their money and valuables and to do it quickly. The men complied, and when Truehart placed the booty beneath his belt and proceeded to give the command in a loud voice to a man in the next seat forward the car, full of passengers, was fully aroused and ready to comply. When the robber systematically robbed the passengers in the smoker of their belongings he passed to the door, keeping them covered. It is twenty-four minutes' run from Slater to Glasgow.

As the train stopped at Glasgow he swung off and boarded the chair car as it rushed by a moment later. Through the chair car the robber's tactics in the smoker were repeated.

He next entered the sleeper and began again his command to the luckless passengers to surrender their valuables. Conductor Heywood appeared on the scene here, and Truehart, with the command, "Throw up your hands!" pointed his revolver at the conductor's breast. Instead of complying, the conductor, quick as a flash, knocked the revolver from the robber's hand, threw himself on the man and more him of the car floor. The two men struggled fiercely while the passengers were instantly in a panic. Finally a dozen passengers in the car came to the conductor's aid and the robber was literally pinned to the floor.

When Armstrong was reached at 12:50 o'clock Monday morning the marshal boarded the train and Truehart was tied hand and foot and taken into the station. He refused to talk, except to berate the passengers for their cowardice and to declare Heywood was the only pervy man among them. Money and jewelry was taken from him.

Truehart was taken to Glasgow and put in jail. He appears to be thirty-two years old. He is five feet five inches in height and weighs 135 pounds. His description tallies with that of the Rock Island robber.

ROBBER OWNS UP.

St. Louis, Nov. 26.—Conductor Everett B. Heywood, who, single-handed, overcame a train robber on an Alton-Burlington fast train, has reached St. Louis. He said the man admitted to him that he robbed the Rock Island passenger train at almost the same place about a month ago.

LEWIS AND GILBERT.

Governor Appoints Them Special Associate Justices of Fifth District.

Austin, Nov. 26.—The governor has appointed Yancey Lewis and J. E. Gilbert of Dallas as special associate justices of the court of civil appeals for the Fifth district at Dallas, vice John Bookhout and J. M. Talbot disqualifed, to try the case of the Red River National Bank of Clarksville against Kate Deberry, now pending in that court on appeal from district court of Red River county.

Auto Cut In Two.

St. Louis, Nov. 26.—Cornelius Harrison was probably fatally injured and his wife seriously hurt by their automobile being cut in two by a street car.

Holds Up Fifteen Passengers on a Train In Missouri.

CAUGHT AND JAILED

Masked and Armed, a Lone Bandit Was Doing a Land Office Business, but Outwitted by a Station Agent.

Kansas City, Nov. 26.—A lone robber, masked and armed, robbed fifteen passengers on an eastbound Chicago and Alton train near Glasgow, Mo., just after midnight this morning.

The robbed train is known as the "Early Bird." It left Kansas City at 9 o'clock Sunday night, and was due at 12:22 Monday morning. At Slater the robber, wearing a mask over his eyes, boarded the train as it was pulling out. After the train had gained speed the man, revolver in hand, entered a car and began a systematic robbery of the passengers. Fifteen of them were made to disgorge. As the train passed through Glasgow, at which point it does not stop, the man was seen to work by the station agent, who wired the chief dispatcher of the fact. Armstrong, the next station east of Glasgow, was notified and officers were at the station there to meet the train when it pulled in. No stop is made ordinarily at Armstrong, and the robber, evidently satisfied in the belief that he was secure for this reason, suspected no harm when that point was reached. When the train stopped at Armstrong, on orders, and the officers boarded it, they caught the robber red-handed.

The officers believe that the man who committed this robbery is the same who went through a Rock Island earlier in the month. When the robber was arrested he had gone through three cars of the Alton train.

The robber was held at Armstrong until the next train was due, when he was taken to Glasgow for safe-keeping. He refused to give his name, and denied that he had anything to do with killed that he had anything to do with the robbery.

The train robbed is a combination Chicago and Alton and Chicago, Burlington and Quincy passenger. From Kansas City to Mexico, Mo., it is run over the Alton tracks. At Mexico the train is cut in two, the Alton portion continuing on the Chicago, and the Burlington portion going to St. Louis.

COMMENDED BY BAILEY.

Senator Says President Would Have Treated All Soldiers Alike.

Washington, Nov. 26.—Senator Bailey commends the action of the president in dismissing from the army those negro soldiers who participated in the Brownsville riot. He said he was satisfied President Roosevelt would have applied the same heroic treatment to white offenders. Said Mr. Bailey:

"With a secretary of war who is a great lawyer, a secretary of state who is a great lawyer and an attorney general who is sufficiently great as an interpreter of the law, I assume, that President Roosevelt was fully and correctly advised as to what he might lawfully do."

FINNEY TO RETIRE.

President of Missouri, Kansas and Texas Railway Has Resigned.

New York, Nov. 26.—F. N. Finney, president of the Missouri, Kansas and Texas Railway company, has resigned, owing to old age and failing health. He has been connected with the company many years. Mr. Finney, who is a native of Boston, began railroad life in 1854 as a rodman on the Cincinnati, Harrisburg and Indianapolis Short Line. In December, 1884, he became superintendent of construction for the Katy and member of the executive committee, and in 1904 was elected president.

GUILTY CONDEMNED.

Action of President in Discharging Entire Battalion Deplored.

Seattle, Nov. 26.—As a result of President Roosevelt's recent action in discharging negro soldiers of the Twenty-fifth infantry for riotous conduct at Brownsville, Tex., the negroes of Seattle Sunday passed resolutions condemning the course of those who were guilty, but deplored the president's action in discharging the entire battalion without ascertaining who the guilty ones were. It was resolved to petition congress to exonerate those soldiers who did not participate in the riot and restore them to the service.

Dispute Over Board Bill.

Knoxville, Nov. 26.—A dispute over a board bill which James Herrell said James Upton owed him brought about a difficulty near Cumberland Gap, Tenn., in which Upton was killed.

MUST BE ENTERTAINED.

Civic Pride, Aside from Other Obligations, Demands that U. D. C.

Convention Delegates be Provided Homes.

A meeting of business men and members of the local chapter of the Daughters of the Confederacy was held yesterday morning at Carnegie hall, and the situation with reference to entertaining the U. D. C. convention, which meets in this city next week, was carefully gone over. It was found that fully 225 delegates are expected and must be provided with homes, and homes for only 108 have so far been secured.

The early meeting of the convention, Dec. 4, leaves no time to be lost in making arrangements. Bryan people are confronted with a situation which civic pride, as well as other obligations, demand that it be promptly and cheerfully met. To do this concerted action is necessary. It will not do for any citizen who can possibly entertain to shirk the responsibility.

To facilitate the work of listing the homes for delegates all who can take one or more are requested

to telephone, call on or write Mr. A. W. Wilkerson at the City National Bank. All who cannot entertain free of charge but will take delegates for rooms and meals or for either rooms or meals, will also please notify Mr. Wilkerson, giving the number of delegates they can take.

This information must all be in hand before tomorrow (Wednesday) morning at 9 o'clock, at which hour another meeting of business men and ladies at the local chapter will be held.

For the good name, honor and credit of the town and its generous, hospitable citizenship let every citizen who can come forward and share a part of the responsibility. Do not delay. DO IT NOW.

DEATH OF MRS. A. A. DEAN.

Mrs. Bettie Dean, wife of Mr. A. A. Dean, died Sunday afternoon at the family home in the Alexander community at 2:50 o'clock. Mrs. Dean was 47 years old and was born and reared in Brazos county. She was formerly Miss Bettie Fullerton, and a member of one of the oldest and most highly esteemed families in the county. She was a member of the

Methodist church and a lady of devout and exemplary Christian character, beloved by all who knew her. She had been in ill health for some time, and while her death was not unexpected, the weight of sorrow falls no less heavily upon the devoted family and friends. She leaves a husband and two children.

The funeral was held yesterday afternoon at 3 o'clock, with interment at Alexander cemetery.

LODGE OF SORROW.

Annual memorial services will be held next Sunday throughout Elkhorn, and Bryan Lodge No. 859, F. C. Oliver, exalted ruler, will hold services at the opera house at 3 o'clock Sunday afternoon, with a program of ritualistic work, addresses and music. Judge Muse, a leading lawyer and gifted orator of Dallas, and Hon. B. F. McNulty of San Antonio, grand trustee of the order, and well known here, will be the orators of the occasion. The names of the deceased members of the lodge, together with dates of their deaths, are as follows:

A. M. Rhodes, Oct. 28, 1903; G. W. McMichael, Oct. 5, 1904; T. F. Castles, Jan. 2, 1905; G. W. Smith, May 6, 1905; J. S. Mooring, Nov. 24, 1906.

Andrew H. Murray, a prominent stockman of Wills Point, Tex., is dead. At Decatur, Ala., Policeman John L. Jones was shot to death by Will Woods.

The Mississippi Central railway will build from Hattiesburg to the Gulf of Mexico.

The body of a man with but one garment on was found in a boat near Galveston.

Northeast Texas Poultry and Pet Stock association will have an exposition at Cooper Dec. 7 and 8.

Will of late General L. M. Oppenheimer was filed for probate at Austin. The estate is valued at \$25,000.

Ten barges loaded with 125,000 bushels of coal struck a railroad bridge at Steubenville, O., and sank.

A St. Louis firm is purchasing large quantities of pecans at Wharton. As high as \$6.25 per bushel has been paid.

Ben Salmon was convicted at Cooper, Tex., on the charge of running a bucket shop and fined \$100 and given thirty days in jail.

SWALLOWED SNAKE.

Reptile Seven Inches Long Was In Stomach of Negro Boy. Clarksville, Tex., Nov. 26.—Dr. Terry pumped a water snake seven inches long from the stomach of a negro boy in this county. The snake was exhibited here.

The boy became violently ill. Dr. Terry was summoned and found the patient suffering greatly from the effects of a deranged stomach. Medicines failed to relieve the pains, and as a last resort a stomach pump was applied, and the contents of that member removed. With the food the boy had eaten for the noonday meal was the little snake. Upon being questioned by the physician, the boy stated that a few minutes before he became ill he had eaten two or three leaves from the top of a turnip and had almost immediately following drunk heartily from a nearby spring, in which small water snakes have been noticed.

DASTARDLY DEEDS.

Two Negroes Frighten Three Girls and Commit Other Unlawful Acts.

San Antonio, Nov. 26.—Two negroes terrified an entire neighborhood, badly frightening three girls who were sleeping alone in a house, burglarized three houses and committed other depredations.

A number of offices in the city close earlier in order that the women may reach home before night. Few of the women clerks in the department stores go home alone. They either go three or four together or wait at the store for some male relative to escort them. There is talk of organizing a citizens' committee.

FATALLY STABBED.

Rural Runs a Bayonet Into a Mexican During an Altercation.

El Paso, Nov. 26.—In a collision between Mexicans and a captain and two privates of the Mexican rurales, comprising a part of the guard of the Mexican Cnestral pay car. Manual Berrata of this place was stabbed and instantly killed with a bayonet by one of the rurales. The rurales escaped into Mexico. The affair is believed to have been the outgrowth of feeling between Mexico and Americans, Mexicans and officials of Mexico, caused by the recent arrest and effort to extradite alleged revolutionists.

BEACH SKATING RINK BURNS.

Galveston, Nov. 26.—The Beach Skating rink, valued at \$5,000, was destroyed by fire.

CURE CATARRH NOW.

Do Not Wait Until Winter or Disease Will Become Chronic.

Many people in Bryan are beginning to cough and hack with the fall symptoms of disagreeable and offensive catarrh. The tongue is coated in the morning, and they do not sleep well at night on account of disagreeable tickling and dropping at the back of the throat as a result of catarrh. Before the disease becomes chronic they should use Hyomei and get complete freedom from their catarrhal trouble.

If you neglect to treat catarrh when it first comes on, the chances are it will become so firmly rooted and deep-seated that it will bother you all winter and may become chronic and almost incurable.

The first day's use of Hyomei will show a decided improvement in health, and in a short time there will be no further trouble; and you will be free from catarrh, and coughs and colds will not bother you during the winter.

Remember that Hyomei is sold under an absolute guarantee that it costs nothing unless it cures. E. J. Jenkins has sold a great many Hyomei outfits, every one with his personal guarantee that it costs nothing unless it cures, and he has seen so many remarkable evidences of the curative powers of Hyomei that he is very glad to continue giving this guarantee with every package.

A complete Hyomei outfit costs but \$1.

extra bottles, if needed, 50 cents.

HOW ONE ROAD PAID.

Farmers Co-operated With Merchants
and County Helped, the Road
Costing \$3,000.

College Station, Texas, Nov. 24.—T. W. Larkin, secretary of the Denison Board of Trade, was here on business with authorities of the Agricultural and Mechanical College. The object of Mr. Larkin's visit was to consult with President Harrington and members of the experiment station force regarding some experiments in which the Board of Trade is interested.

Mr. Larkin is a great advocate of good roads, and is doing a great work for road improvement in his section of the State. He has the credit of having introduced into Texas the famous "split-log drag," which is declared to be the cheapest and best road grader in existence. The drag is made by splitting a log, placing the two halves some two feet apart, on edge, the split side to the front, and cleaving them together firmly. The two parallel logs are then dragged over the road at such an angle as to throw the dirt to the center, thus filling up all ruts and holes and leaving a firm, well-rounded surface that will have ample drainage.

In speaking of the results of the road building carried on by the Board of Trade, Mr. Larkin said:

"We went into a community some distance from Denison which was sending us not more than 10 per cent of its cotton and organized among the farmers a local good roads club. We then proposed to the club to put up \$1 in cash for every dollar's worth of work the farmers of the community would subscribe. They subscribed \$1,000 in work and we put up \$1,000 in cash, and the Commissioners Court added another \$1,000. We hired a competent engineer to lay off the road, build the bridges and put in the culverts. We now have ten or a dozen miles of as good a dirt road as can be found in the State. As a result this year 90 per cent of the cotton of that community is being marketed in Denison. In addition, the farmers are now marketing hay and other bulky stuff that it formerly did not pay to haul to market.

NEWSY DIMITT LETTER.

Big Snow—S. J. Lee Elected County
Treasurer—Prairie Fire—Im-
provements.

To the Eagle.
Dimmitt, Texas, Nov. 18.—It is snowing very fast today. It began snowing during the night and has been snowing ever since. This is the second cold spell this fall. Our first cold snap came Oct. 21, with sleet and ice. It caught lots of feed that hadn't been cut, and it all froze and fell down.

Our election was held on the 6, inst., resulting in but two changes of our county officers, S. J. Lee being elected county treasurer, Edgar S. Ireland county clerk. All the rest of the old officers were re-elected.

People are very busy out here hauling in feed yet. I never saw as much feed in my life as there is in Castro county. Our prospects for another big wheat crop are very promising.

Cattle and all other stock is very fair priced.

Most every body is doing well, and we are expecting a very good immigration to the county this winter and next spring.

There are quite a lot of substantial improvements being put on the already improved places in the county, such as additions to dwelling houses, barns, fences, etc.

Dimmitt continues to improve slowly, but the loss of our courthouse was a great loss to the county, as the last bond would have been paid off out of this year's taxes. We only had \$5000 insurance on the building. However, the courthouse will be replaced with a much nicer and better one; some talk of building a concrete structure.

A big prairie fire broke out in Mexico last Thursday and was driven by a strong wind nearly to Hereford, burning a scope of country north of the Pecos Valley railroad 20 miles wide through Deaf Smith county. I have not been able to hear whether there was any houses or stock lost or not; quite a lot of feed and grass burnt, which is a very serious loss at this time of the year.

GRANGE ADJOURS.

Weekly Paper is to Be Established
Solely For Order.

Denver, Nov. 24.—After being in session ten days legislating upon matters of importance to the million members of the National Grange the fortieth annual convention of the order finally adjourned. It was decided to establish a weekly paper to be devoted entirely to the interests of the Grange. J. G. Wardrow of New York, who was at the head of the publication bureau of the Grange for many years, is slated as editor.

GET TEN PER CENT.

Manufacturers Have Agreed to Accede
to That Demand.

Fall River, Mass., Nov. 24.—Fall River cotton manufacturers, numbering seventy and having ninety-two mills, have granted a 10 per cent wage advance, effective at once. It is for six months, but provisions are made for extending that period. Thirty thousand operatives are affected. C. D. Borden, an independent operator, with 5,000 operatives, granted the demand and the others followed suit.

MASKED MEN'S DEEDS.

Instantly Kill William Goff and Fatally Wound S. A. Halpin.

Arkansas City, Kan., Nov. 24.—Two masked men, in an attempt to hold up the St. Charles hotel here, shot and instantly killed William Goff, the night clerk, wounded S. A. Halpin, an actor, so badly that he died in a few hours. The robbers escaped.

ONE KILLED, ANOTHER HURT.

Philadelphia, Nov. 24.—Ernest D. Keller of New York, demonstrator and professional driver of racing automobiles, was killed and Henry Lutton of Colwyn, Pa., was seriously hurt in a collision while trying out racing cars on the Point Breeze race track preparatory to the Quaker City Motor Club races.

CHIMPANZES CAN BE INFECTED.

Liverpool, Nov. 24.—The expedition of the School of Tropical Medicine, which has been in Brazil for nearly two years making researches regarding yellow fever, telegraphs that it has been successfully proved that chimpanzees can be infected with yellow fever by means of the mosquito. The discovery is considered to be of the highest importance.

SAFE AT SYDNEY, NOVA SCOTIA.

Sydney, Nov. 24.—Peary's Arctic steamer, the Roosevelt, has reached this harbor.

GONE TO PANAMA.

Houston, Nov. 24.—In response to the recruiting work done here by an agent between thirty and forty blacksmiths and machinists employed by the railroads left over the Southern Pacific for New Orleans on their way to Panama to work for Uncle Sam.

FORCED TO BURN BACON.

El Paso, Nov. 24.—A special to the Herald from Carlsbad, N. M., says that the fuel supply in that town is exhausted, and people have been forced to burn bacon to keep from freezing. The schools have been closed. The snow is a foot deep in town and two feet on the ranges.

TEXANS WIN.

Austin, Nov. 24.—In a driving rain the University of Texas football eleven defeated Washington University of St. Louis 17 to 6.

GRANTED IN ADVANCE.

The young doctor who had lately settled in Shrubs had ample opportunities to learn humility if nothing else in his chosen field. One day he was hailed by an elderly man, who requested him to step in and see his wife, who was ailing. At the close of his visit the young doctor asked for a private word with the man.

"Your wife's case is somewhat complicated," he said, "and with your permission I should like to call the Brookfield physician in consultation."

"Permission!" echoed the man indignantly. "I told her I knew she ought to have a good doctor, but she was afraid you'd be offended if she did."

Quaint Distinctions in the Old Hatfield Meeting House.

Around three sides, about on a level with the pulpit, in the old meeting house at Hatfield, Mass., extended the galleries, reached by staircases on the northeast and southeast corners, where, in the front seats, sat the singers, trebles on the north and basses on the south and counters and tenors on the east. The next two rows of seats were occupied by children, girls in the north and boys in the south, and frolicsome youngsters they were, if we may judge by the frequency with which the town was obliged to renew the brass tips to the staves of the tithing men, three of whom were always on duty to keep the youth from disorder.

Behind the children and still higher in square pews against the wall sat the young men and maidens, the latter on the north and the former on the south. One gallery pew was reserved for colored men and one for colored women and, queerest of all, a high square pew over the north stairway was assigned to old maids and a similar pew over the south stairs to old bachelors. Just how many years these two classes had to number before they were promoted from the lower seats in the synagogue the records do not state, but that they sat in those exalted seats Samuel Dwight Partridge, to whom we are indebted for the description of the old meeting house, assures us is beyond question. The square pews on the floor were assigned to householders, according to wealth and social position.—Springfield Republican.

I WANT TO SELL YOUR LAND

If you have land for sale call at my office and list it with me. It will then be sold. I have customers for several tracts of from 100 to 200 acres, and I make a specialty of selling large tracts. Charges are reasonable. I have the customers and you have the land and by seeing me it will be to both our interests.

MONROE EDGE

THE NEW VISIBLE

Here is a Short Description.

THE TYPE HANGER—The hanger has a pivot bearing 7-16 of an inch wide. This allows the use of a heavy type bar, providing an adjustable pivot bearing which takes up wear as it occurs, thereby giving a permanent alignment that is impossible to secure with a narrow bearing without adjustment, and avoiding the trouble caused where "forced alignment" is necessary. This is the feature that has heretofore been considered as being impossible to secure in a visible writing typewriter. It is found only in the Fox and places the Fox Visible in a class by itself.

TWO COLOR RIBBON—The ribbon movement on this machine is simply perfection. It reverses and oscillates automatically, requiring no attention from the operator from the time it is put on until worn out. When a two color ribbon is used, by simply touching a button on the keyboard the second color is secured instantly without raising the hand or even looking.

THE INTERCHANGEABLE CARRIAGE—The carriage is so constructed that it can be quickly removed and a carriage of different length substituted. One

Every feature on this machine has been tried out and demonstrated as successful on the Regular Models of the Fox. Unprejudiced experts have without hesitation pronounced the machine a marvel.

Ask your nearest typewriter dealer to show you this machine. If he cannot we will make it easy for you.

The regular models of the Fox are still the most perfect machines of their kind and their manufacture will be continued as before.

machine can be purchased with different sizes of carriages, thereby effecting a great saving over the ordinary method of buying a long carriage machine complete. The carriage is ball bearing and runs with a tension of only 1 lb.

PERFECT VISIBLE WRITING—The entire line is visible all the time.

THE KEY TENSION—The force required on the part of the operator to print a letter is only 2½ ounces. This is from 25 to 50 per cent. less than any other. It is a vital thing both from the operator's standpoint of less fatigue and the owner's of greater durability.

THE LINE LOCK—When the carriage reaches the end of a line, the keys lock and nothing more can be written until the release button is used or the carriage returned to begin a new line.

ALUMINUM KEY LEVERS—Key levers are made of aluminum. It is more expensive than steel or wood, but it is very much more desirable.

TABULATOR—The Fox ten stop decimal tabulator is attached when ordered, at slight additional expense. It is the only decimal tabulator in use on a visible typewriter.

THE MORNING EAGLE

Entered at the Postoffice as second class mail

BY CARNES & WALLACE.

BRYAN, TEXAS, NOV. 27, 1906.

An Italian colony will be estab-
lished near Orange.

Conventions may be a little trou-
ble, but a town never becomes well
advertised until it gets to enter-
taining conventions.

Prof. B. L. Prince, formerly
principal of the Coolidge public
school, has accepted the appoint-
ment of private secretary to Con-
gressman Rufus Hardy of this dis-
trict.

The Eagle confidently expects
that the people of Bryan will open
their hearts and homes to the
Daughters of the Confederacy so
freely and fully that every visitor
will go away singing our city's
praises. Let it be even so.

Bryan people will have a fine
opportunity to advertise our splen-
did schools while the Daughters
of the Confederacy are sojourning
in the city, and this alone will
compensate for all the trouble and
expense of entertaining if proper
advantage is taken of the opportu-
nity. Speak a good word for all
the schools, and see that your
guests do not get away without
visiting each of them, and above
all, that the visitors' stay is thor-
oughly pleasant for them.

EUSTON TO STODDARD.

Whether or not he will go to
England is a question not decided
up to date by General H. B. Stod-
dard of Bryan, one of the best
known men in Texas. He has re-
cently received an invitation from
the grand master, the earl of
Euston, of the Great Priory of
England and Wales, to be a guest
at a banquet to be given December
14, in London. Explanatory of
this honor it may be stated that in
1904 the term of holding the exalted
position of most eminent grand
master of Knights Templar of
America held by General Stoddard
expired, and at San Francisco he
laid aside the robes of the high pos-
ition which he had worn with dis-
tinction. At this time and place a
deputation from England and for
the Earl of Euston, grand com-
mander, formally presented him
three badges of such distinc-
tion that only two other men in the
United States wear them. They
are badges of the Holy Order of
the Cross. The other two past
grand masters are Moulton of Chi-
cago and Lloyd of San Francisco,
and they are pieces of art that can-
not be excelled in exquisite finish
through the most artistic work-

manship. The enamel in the cross
and the two lambs with their sur-
roundings is beyond the reach of
the most exacting critic. The em-
blems of the order were recently
worn by General Stoddard, officiat-
ing for the grand master of Texas
at the funeral of the late Colonel
Mott of Galveston. They were
manufactured by Spencer & Co. of
London, official jewelers of the
Great Priory of England and
Wales.—Houston Chronicle.

FUNERAL OF MR. J. S. MOORING.

The funeral of Mr. J. S. Moor-
ing was held at the Exchange
hotel Sunday afternoon at 3 o'clock
in the presence of relatives and a
large assemblage of friends, a num-
ber of them from other points. The
service was held in the hotel lobby
and surrounding the casket were
many exquisite floral tributes. Rev.
J. Wendell Davis, rector of St. An-
drews Episcopal church, conducted
the service, assisted by Dr. George
B. Butler, pastor of the Baptist
church. Members of Camp J. B.
Robertson were present in a body
and were honorary pall bearers.
The active pall bearers were Mayor
J. E. Butler, A. A. Farley Jno. M.
Lawrence, Jno. E. Astin, R. M.
Gordon, Judge A. G. Board, Jno.
K. Parker, H. G. Rhodes. A very
long procession followed the re-
mains to the city cemetery.

Among those here from other
points for the funeral were John
Mooring of Bedias, Dr. and Mrs.
Wm. Bowen, Mrs. J. T. Bowen,
Wayman Taliaferro and little
daughter, Capt. W. E. Barry and
Miss Mamie Barry of Navasota,
Mrs. A. D. McConnice of Houston,
Mrs. Sam R. Frost and Mrs. F. N.
Drane of Corsicana, C. M. Wink-
ler and Mr. and Mrs. T. L. Wink-
ler of Ennis.

TRICKS OF THE CAMERA.

Why You Should Let the Photogra-
pher Do the Posing.

"I always hate to have my picture
taken, because I have such a horrid
long neck," said the woman petulantly
as she entered the photographer's gal-
lery.

He smiled sympathetically. "Wait
till you see the picture I take," he re-
plied. "You won't know your own
neck, so to speak. No, it isn't in re-
touching, but I always pose a long
necked subject lower than the camera,
and the neck shortens up. That's only
one of the tricks of the trade. The
hatchet faced man I pose looking
straight into the camera in a full
light. His face seems to broaden and
become more fleshy in this pose. The
person with a fat, round face I place
so that soft shadows veil either side
of the face, which has a tendency to
make the features more clear cut and
handsome."

"I often have subjects with crooked
noses. Now, a crooked nose should be
frankly attacked—that is, the camera
should be pointed directly at the crook,
which reduces it. If I took it from the
side the deformity would be exaggerat-
ed a hundredfold."

"The homeliest persons need not fear
having their pictures taken if they will
put themselves wholly in the photog-
rapher's hands and pose just as they
are instructed to."—New York Press.

MOTEL MAN SLAIN.

TWO MISCREANTS WHO ATTEMPTED TO HOLD UP ESTABLISHMENT CAUGHT. Kansas City, Nov. 26.—In an attempt to hold up and rob, J. Frank Emery, proprietor of the Kentucky House in Kansas City, Kan., Sunday evening, Emery was shot and killed and Lee Simmons, a negro porter, was shot in the shoulder and slightly wounded. Charles Rumble, an iron molder from Independence, Mo., one of the wound-be robbers, was shot in the cheek by officers, who pursued him, and shot and captured Hutton. Rumble and Hutton were intoxicated. They entered the hotel and, walking over to the desk, told Emery to hand over his money. Two guests were in the lobby at the time. Emery told them to get out; that he had no money. The men staggered from the desk, apparently to make their departure. When they reached the door, however, Rumble braced himself again and, with a shaking hand, fired two shots at the hotel proprietor. Guests rushed into the lobby and found Emery dead, lying across the hotel register, which was spread upon the clerk's desk. One bullet from Rumble's revolver went wild. The second had pierced Emery's chest just below the heart, causing almost instant death.

Rumble and Hutton fled down the stairway. There they encountered Simon, the porter, who had been attracted by the shots, and was just ascending the steps. Rumble fired a shot at Simon that struck the porter in the shoulder, and the two robbers pushed by him and bolted for the street. Rumble and Hutton were seen by the officers on Minnesota avenue, a block from the hotel, and gave chase, firing as they ran. One bullet struck Rumble a glancing blow on the cheek and caused the molder to stagger and fall. Hutton stopped running when he realized that Rumble had been shot, and the pair were soon landed in jail.

SOAP AND WATER.

NEGRO PREACHER ADVISES RACE TO USE LESS COLOGNE AND POWDER.

Texarkana, Nov. 26.—Rev. E. M. Griggs, D. D., of Palestine, Tex., while addressing the Negro Baptist State convention, said: "The negroes of this country must use more soap and water, and not so much cheap cologne and powder. There is a powerful uplifting influence in soap and water, and I have no love for a man who tries to get away from his race. Every negro has it in his power to become something in this country, and if he fails, he will only have himself to blame."

Rev. T. S. Sandefer, D. D., of Gurdon, Ark., caused a little breeze by offering a resolution inviting immigrants to the state from all parts of the world.

Resolutions were passed condemning lynching and crime of every kind. The negroes were urged to join the better class of white people in putting down lawlessness.

President Roosevelt was censured for discharging the negro soldiers without trial. "He has shown his hatred for the negro in this matter," said Professor J. E. Knox, "and has treated us worse than Dixon with his 'Clansman.' The negro in the future will have to look to the south for his friends."

APPEAL ORDER SIGNED.

New York, Nov. 26.—Judge Sullivan in the court of general sessions has signed the order granting the right of appeal from the decision of police magistrate in the case of Enrico Caruso, the Italian opera singer, who was found guilty in the municipal court of annoying women in the monkey house at Central park and fined \$10.

THE TRADE RAT.

ODD WAYS OF THIS PECULIAR LITTLE CALIFORNIA RODENT.

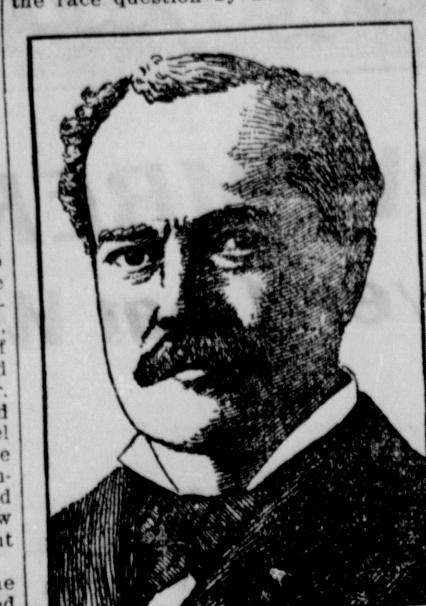

One of the oddest little animals in existence is the California wood rat, better known as the "trade rat." It owes the latter name to the fact that, though it is a great thief, it never steals anything without putting something else in its place. It is said that a paste pot which had been left overnight in the assay office of a silver mine in that state was found in the morning with the oddest collection of rubbish. This was the work of trade rats. They had stolen the paste and left in exchange a piece of stick, a length of rope, some odds and ends of wire and an unbroken glass funnel. The object of the trade rat in so scrupulously paying for what he takes is something of a mystery, but these same rats certainly take the greatest pleasure in the odds and ends which they steal and collect.

In Lindsay's "Mind In Lower Animals" a description is given of a trade rat's nest found in an unoccupied house. The outside was composed entirely of iron spikes laid in perfect symmetry, with the points outward. Interlaced with the spikes were about two dozen forks and spoons and three large butcher knives. There were also a large carving fork, knife and steel, several plugs of tobacco, an old purse, a quantity of small carpenters' tools, including several augers, and a watch of which the outside casing, the glass and the works were all distributed separately, so as to make the best show possible.

The trade rat has its South American counterpart in the viscacha, a pretty little relative of the chinchilla, which lives in families of twenty or thirty on the pampas. Everything that takes its fancy and is portable is carried by the viscacha and piled in neat little heaps at the mouth of its burrow. If a ranchman drops his watch or any similar article he always searches the viscacha burrows in the neighborhood and generally finds his lost property.—Chicago News.

DUNNE DECLINES.

MAJOR OF CHICAGO WILL NOT PRESIDE WHEN SENATOR TILLMAN SPEAKS. Chicago, Nov. 27.—A committee of negroes, headed by Rev. A. J. Cary, pastor of Bethel church, called upon Mayor Dunne and asked that he use the police force if necessary to prevent the delivering of an address on the race question by Senator Tillman.

Mayor Dunne.

Tuesday night on the grounds that the address would be a menace to public safety.

Mayor Dunne, after receiving the committee, wrote a letter to Mrs. Adele Keeler, secretary of the Chicago Union hospital, for the benefit of which Senator Tillman is to speak, declining to act as chairman of the meeting.

"I am a believer in the orderly processes of law, and cannot agree with Senator Tillman in the views he holds, and, therefore, I must decline," he said, "to accept the chairmanship of the meeting."

SCHOOL SHIP BURNS.

ALL OF THE FIVE HUNDRED STUDENTS ESCAPED EXCEPT THREE.

Toulon, France, Nov. 26.—The school ship Algeciras burned in the harbor here Sunday. All of the 500 students except three have been accounted for. It is presumed the missing ones were burned to death.

ACCIDENTAL KILLING.

Tulsa, I. T., Nov. 26.—Charles T. Harris, an employee of the Claremore Electric Light company, accidentally shot and killed himself while hunting near Flag Lake. He was twenty-one years old.

ARRAY OF ATTORNEYS.

TWO AND A HALF CENT PASSENGER RATE IN FEDERAL COURT.

Austin, Nov. 26.—The Federal court presented an array of legal talent Monday morning when Judge Maxey asked the gentlemen if they were ready to proceed with injunction suits on behalf of railroads against the railroad commission. The original case is that of the Houston and Texas Central enjoining the 2½-cent passenger rate put in by the commission. This was followed on the part of the road by a general attack on the commission, including all of its rules and regulations. The state is represented by Attorney General Davidson, Judge Cowan of Fort Worth and J. C. Chamell of Houston. All of the railway general attorneys were present.

Attorney General Davidson announced that complainants desired to amend their bills. However, it was the desire of the state to reach an adjudication of this matter as soon as possible.

Judge Stedman announced that it was the desire to amend the bill, so as to improve allegations and there was no desire to delay hearing of demurders.

"We think we have a good case, but we desire to make it better," remarked Judge Stedman.

The court announced that the bills could be amended at any time either before or after his ruling. He also said that he had read the bills of the Fort Worth and Denver and the Houston and Texas Central and the demurders thereon.

Judge Cowan opened the argument for the state, saying that present litigation was similar to suits against the commission several years ago. That there was no allegation in the bills as to the value of the property used in handling state and interstate business. Under state authority, when it is attacked in Federal court, earnings as to state and interstate traffic must be shown to be affected. The total values of property affected does not apply. There must be a separation. He also suggested that bonds and road values should be shown; that roads are worth so much per mile is a conclusion and not a fact. Relating to the attack on the constitutional authority of the commission to act, he called attention to the Reagan case, when the commission was assaulted several years ago. He directed attention to the compromise after the Reagan case decision; that roads had all agreed to those rates, and now they come in and allege that rates are too low. He contended that while it was a difficult matter to allege valuation, the bill sets up several factors going to fix it. He thought this was bad pleading, as it was a matter of evidence.

RULED ON EXCEPTIONS.

HELD ALLEGATIONS WERE SUFFICIENT TO MAKE OUT A CASE.

Austin, Nov. 26.—The case of the State vs. the Waters-Pierce Oil company for forfeiture of permit and for penalties for alleged violation of anti-trust laws of the state, was called Monday for trial on facts in the Twenty-sixth district court. The special venire of thirty men, drawn by the jury commissioners, was on hand and the members, after being sworn, were excused until Tuesday.

Judge Brooks announced his ruling on exceptions of the defense which he took under advisement last Friday, holding that the allegations in the petition were sufficient to make out a case against the defendant for violation of anti-trust laws of 1889 and 1900 for the reason that the petition attempted to allege facts which would entitle the state to require cancellation of defendant to do business in the state, while at the same time he sustained about thirteen of the special exceptions, for the most part because they were immaterial or irrelevant.

The court ruled that the petition attempted to allege facts to prove that the defendant was guilty of such misuse and abuse of the corporation franchise as would justify an ouster from the state; that its admission to do business in the state was gained by such fraudulent representations as would be a forfeiture of permit, and that the defendant had violated the anti-trust laws of 1889 and 1900.

The court sustained special exception to the allegation that H. C. Pierce had been restored to the presidency of the defendant company and sent to Texas for the supposed political influence exercised by him in the state and all the special exceptions relating to the anti-trust affidavit filed by H. C. Pierce with the secretary of state of Texas at the time the Waters-Pierce company was seeking readmission to do business in the state. The court stated that the affidavits, whether true or false, could have no bearing upon the case.

Both the defense and the state excepted to all adverse rulings by the court.

The railroad commission approved the application of the St. Louis, Brownsville and Mexico railway for authority to issue, approve and register an issue of \$1,070,000 5 per cent first mortgage bonds on 142 miles of completed line from Rogstown, Nueces county, to Bay City, Matagorda county.

Complaint has been filed with the railroad commission against J. F. Lehane, general freight agent of the Cotton Belt railway, at maintenance of his legal residence at Fort Worth when it should be, it is claimed
